## Information about REACH, lead free & RoHS

### RoHS (Restriction of certain Hazardous Substances)

The RoHS guideline of the European Union (EU) regulates the restriction of the use of dangerous substances. It forbids the use of certain substances in electrical and electronic equipment after July 2006. The most important contents of the RoHS guideline as applicable to the products produced by Champs Technologies is that equipment which is put on the market after 7-1-2006 cannot longer contain the following materials:

- Lead (<0.1%)
- Quicksilver (<0.1%)
- Cadmium (<0.01%)
- Hexavalent Chrome (<0.1%)
- Polybromiated Biphenole and polybromiated Diphenylether respectively

Champs Technologies certifies that its products are in compliance to RoHS directives and guidelines.

## Compliance Statement for Registration, Authorization and Restriction of Chemicals (REACH)

Reference:

1. Regulation of the European Parliament and of the Council of 17 December 2014 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).
2. ECHA, Candidate list of substances of Very High Concern (SVHC) [http://echa.europa.eu/reach\\_en.asp](http://echa.europa.eu/reach_en.asp)

Champs Technologies is aware of the regulation and the SVHC list the EU published (referenced above). Champs Technologies does not produce or sell any of the listed substances in their homogeneous form. These substances are not intentionally added during the manufacture of any of Champs Technologies' products. To our knowledge, our products do not contain the substances described on the ECHA SVHC list. Testing is not performed for materials and substances that were not intentionally added. No warranty nor liability of indemnification is expressed or implied with this information. Champs Technologies maintains surveillance of the ECHA website to obtain the latest information and periodically reviews the SVHC list for changes and additions, and acts accordingly.
